PROFESSIONAL SUMMARY

Aspiring Python Full Stack Developer with hands-on experience in Python, Django REST Framework, React.js, JavaScript, and database-driven web application development. Experienced in building responsive interfaces, REST APIs, authentication, role-based functionality, and modular full-stack applications, with strong problem-solving and communication skills.

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript
- **Frontend :** HTML5, CSS3, Bootstrap, React.js
- **Backend :** Django, Django REST Framework (DRF)
- **Database :** Oracle
- **Tools & Cloud:** Git, GitHub, AWS, Docker
- **Soft Skills:** Communication, Problem-Solving, Time Management

PROJECTS

MediFind – Healthcare Service Locator

- Developed a full-stack healthcare service platform that enables patients to find nearby doctors, diagnostic centers, and pharmacies using GPS/location services.
- Implemented prescription upload functionality and pharmacy-side medicine availability and price updates.
- Built separate role-based modules for Patients, Doctors, Diagnostic Centers, Pharmacies, and Admin.
- Developed Django REST APIs to enable communication between the React.js frontend and Django backend.
- Implemented user authentication and role-based access control to provide different functionality based on user roles.
- Designed a responsive and user-friendly interface using React.js and Tailwind CSS.
- **Technologies:** Python, Django, Django REST Framework, React.js, Tailwind CSS, REST API
- **GitHub :** <https://github.com/sssituser/PythonProject-1/tree/main/MEDIFIND/MEDIFIND> 

Calculator

- Built an interactive calculator using HTML, CSS, and JavaScript, implementing arithmetic operations and dynamic user interactions.
- Designed a responsive and user-friendly interface using CSS and JavaScript event handling.
- **GitHub:** <https://github.com/Jyothisingh1816/calculator-project> 

Image Gallery

- Developed a responsive image gallery using HTML, CSS, and JavaScript with interactive image browsing functionality.
- Implemented DOM manipulation and event handling to create a dynamic user experience.
- **GitHub:** <https://github.com/Jyothisingh1816/Image-gallery> 

EDUCATION

Ellenki College Of Engineering & Technology

Nov/ 2022 – May/2026

Bachelor of Technology (B.tech) – Computer Science & Technology | CGPA: 77%

CERTIFICATIONS & WORKSHOP

- **Python Full Stack Development** — SSSIT Computer Education
- **Microsoft Office Certification** — SSSIT Computer Education
- **AI Tools Workshop — CertX** | Certificate [🔗](#)
